Q: “On behalf of Community Bus Services, I herein formally request a copy of any and all invoices paid to contractors and sub-contractors the transportation services provided by the TCDJFS for the past two calendar years.”

A: Per Section VI, paragraph 3 (page 6 of 29), “Questions regarding this RFB must reference the relevant part of the RFB, the heading for the provision under question, the page number of the RFB where the provision can be found...TCDJFS may, at its option, disregard any questions which do not appropriately reference an RFB provision or location, or which do not include identification for the originator of the question. TCDJFS will not respond to questions which are not directly associated to a provision of the RFB and its technical writing requirements...If potential providers ask questions about existing or past contracts or services using the Q & A process, TCDJFS will not respond to these questions.” Paragraph 7 (page 7 of 29) references, “Providers are to base their RFB responses, and the details and costs of the services they wish to provide, on the requirements and performance expectations established in this RFB for the potential future contract, NOT on details of any current or past related services or contract associated with TCDJFS or any other entity.”

TCDJFS has reviewed this request made via the Q & A process associated with this bid and has determined that this request is not a question related to a provision of the RFB or its technical writing requirements. The determination by TCDJFS is that this request is a request for public records; and based on this determination, TCDJFS will contact the representative of the requesting company with information regarding TCDJFS’ procedures for a public records request.
